## Codepath.Org

**Web Development I and Intermediate Technical Interview Prep II**

**Online**  
**February 2025 - April 2025**

- Web Development I: Gaining proficiency in HTML, CSS, JavaScript, Flexbox, asynchronous programming with Async/Await, animations, and fundamental web design principles
- Intermediate Technical Interview Prep II: Focused on algorithmic problem-solving, coding interview preparation, and system design, covering topics such as Big O complexity, classic algorithms, data structures, and the UMPIRE problem-solving framework, with mentorship and resume support from industry professionals

## ACADEMIC PROJECTS

### Personal Netflix Data Analysis(Python)

- Performed data analysis on personal Netflix viewing history using Python and Pandas
- Visualized data trends using Matplotlib and Seaborn to identify viewing habits, top shows, and binge-watching patterns
- Extracted insights into content preferences and behavioral trends based on time series analysis and categorical data

## WORK EXPERIENCE

### HOPE Worldwide

*Information Technology Support Intern*

**Atlanta, Georgia**  
**August 2024 - Present**

- Constructed a local website using HTML & CSS to modernize IT storage management, improving inventory tracking efficiency and reducing company budget by eliminating reliance on third-party software
- Developed 'Prodigy,' a comprehensive resource hub featuring detailed how-to guides and walkthrough videos to streamline technological troubleshooting, define admin privileges, and maintain policy adherence for future interns
- Managed end-to-end onboarding processes for new employees, including system and account setup for Office 365. Ensured seamless device deployment by assigning devices to the correct group policies, optimizing security and access control

### Georgia State Perimeter

*Technology Support Specialist*

**Decatur, Georgia**  
**October 2023 - December 2024**

- Provided comprehensive technical support, including troubleshooting basic network issues, replacement of batteries and hard drives, and inventory management for securing operational efficiency
- Efficiently formulated and executed deployment of new MacOS and Windows systems for university employees, leveraging automated deployment tools such as MDT to ensure consistency and minimize disruption
- Quickly resolved diverse technological challenges for university students and staff, employing proactive troubleshooting techniques and utilizing advanced support tools such as CiscoBomgar for efficient remote assistance

### Globe Academy

*After School Counselor*

**Atlanta, Georgia**  
**September 2022 - October 2023**

- Performed daily routines such as snack and roll call, fostered relationships with students to stimulate better cooperation
- Addressed and managed instances of poor behavior among students through clear communication and disciplinary measures

### Berean Christian Church Gwinnett

*Summer Camp Counselor*

**Snellville, Georgia**  
**June 2023 - July 2023**

- Led 10-15 children sized classrooms in Math, Literature, and Bible Lessons, employing effective classroom management and tailored lessons to engage diverse learning styles
- Coached interested Campers in chess, incorporated life and Bible lessons and organized elimination tournaments

### Chick-fil-a

*Back of House Chef*

**Tucker, Georgia**  
**June 2021 - September 2022**

- Maintained cleanliness and organization in kitchen, contributing to a safe and efficient work environment while facilitating team members
